

UN1760, Corrosive liquids, n.o.s.  
(contains Sodium hydroxide solution), 8, PGII.

## **DANGER! CORROSIVE**

**Hazard Statements:** May be corrosive to metals. Harmful if swallowed. Causes severe skin burns and severe and serious eye damage. May cause respiratory irritation. Harmful to aquatic life in concentrated form.

### PRECAUTIONARY STATEMENTS

**Prevention:** Keep container tightly closed. Keep only in original container. Do not breathe fumes, mist, vapors or spray. Wash skin thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Avoid release to the environment. Wear protective gloves, protective clothing and eye protection or face protection.

### Response/First Aid:

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
**IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Call a doctor if you feel unwell.  
**IF ON SKIN (or hair):** Take off immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse.  
**IF INHALED:** Remove person to fresh air and keep at rest in a position comfortable for breathing. Immediately call a doctor.  
Specific treatment (see supplemental first aid instructions on the label and in section 4).  
Absorb spillage to prevent material damage.

**Storage:** Store locked up. Store in a corrosive resistant container with a resistant inner liner. Store in a well-ventilated place. Store away from incompatible materials.

**Disposal:** Dispose of contents and container to an approved waste disposal plant in accordance with applicable local, state, federal and international regulations.

This product is a concentrated ammoniated all-purpose cleaner that removes oil, grease, dirt, syrups, fats and various types of soils from hard surfaces and carpets (as a prespotter). It is an excellent commercial and institutional cleaner of equipment, parts, floors, walls, cabinets, countertops, restroom facilities and virtually all hard surfaces not harmed by water. It may also be used as a floor finish stripper.

Do not use on marble, wood, polished or waxed surfaces, tinted glass and other sensitive surfaces.

### APPLICATION

Use impermeable gloves, safety glasses and proper ventilation. Remove or carefully protect all food products and packaging materials. Spot test on an inconspicuous area before use. Dilutions may vary. For cleaning windows or mirrors, dilute 2 oz. per gallon of water.

For general purpose cleaning, dilute 4 oz. per gallon. For heavy duty cleaning, dilute 8 oz. per gallon or as needed.

Use by spraying, brushing, wiping, mopping, or pressure washing. Remove completely by wiping or rinsing.

For automatic scrubbing, follow equipment manufacturer's instructions.

For stripping floor finishes, apply liberally to the floor at 8 oz. per gallon of warm water. Stronger versions might be necessary. Let stand for three to five minutes but do not allow floor to dry. Scrub floor with appropriate stripping pads and equipment. Remove completely with wet vacuum.

1 Gallon (3.78 Liters)  \_\_\_\_\_ Gallons  
1 Quart (0.95 Liters) (unless marked otherwise)
