Dissolves & Removes Hard Water Deposits **Disuelve Y Remueve Depositos Minerales**

This product is a concentrated acid cleaner and lime remover specially formulated to clean and brighten stainless steel kitchen equipment, water fountains and bathroom fixtures. It is an excellent renovator of badly soiled bowls and ceramic surfaces. It quickly removes all types of buildups including rust, mineral scale, algae stains and soap scum. When diluted, it is also effective in cleaning chrome. Spot test on an inconspicuous area before use.

Application: Use impermeable gloves, safety glasses and proper ventilation. Apply 1-4 oz. (30-120cc) to surfaces to be cleaned. Wait 1-3 minutes. Rinse. Repeat procedure if needed. Neutralize and remove thoroughly by rinsing or wiping. Do not mix with other chemicals. Do not use on concrete, finished wood surfaces, marble and other sensitive surfaces.

Este producto es un concentrado ácido limpiador y removedor de cal especialmente formulado para limpiar y brillar accesorios del acero inoxidable de cocina, fuente de agua potable y baño. Es un excelente restaurador de inodoros y superficies cerámico muy manchadas. Rápidamente restaura todo tipo de acumulaciones progresivas incluyendo óxido, depósito mineral, manchas de alga y capa de jabón. Cuando es diluido es también efectivo en limpiar cromo. Ensayar en un área indiscernible para ver los resultados antes de uso.

Aplicación: Utilice guantes impermeables, gafas de seguridad y ventilación apropiada. Aplique 1 a 4 onzas (30-120cc) a la superficie que se va a limpiar. Espere 1 a 3 minutos. Enjuague. Repita el procedimiento si es necesario. Neutralice y enjuague o limpie para quitarlo completamente. No mezcle con otros químicos. No use en concreto, para superficies terminadas en madera, mármol y otra superficies sensible.
