## Freezer Cleaner & Ice Melter

For Temperatures As Low As -30°F

Nonflammable and noncorrosive, FC-20 Freezer Cleaner is the quick and reliable solution to freezer icing problems. Highly concentrated, this special formula combats ice by softening it to a slush. Ice, snow and frozen soils and food spills can be removed easily. No more scraping and hard physical labor is needed to remove ice and frozen spills.

**APPLICATION:** Read SDS thoroughly before use. Always test a small area first. Continue use only if fully satisfied with the performance. Use straight. Do not dilute with water or mix with other chemicals. Do not heat this product. Pour onto ice, snow or frost. Once ice is softened, remove immediately and as completely as possible.

This product is not formulated for all applications. Do not use as a windshield fluid or anti-freeze.

For Commercial & Industrial Use Only / **Keep Away From Children**
