

DANGER

Hazard Statements: May be corrosive to metals. Harmful if swallowed. Causes severe skin burns and serious eye damage. Fatal if inhaled. May cause respiratory irritation.

PRECAUTIONARY STATEMENTS

Prevention: Keep container tightly closed. Keep only in original container. Do not breathe fume, gas, mist, vapors or spray. Do not get in eyes, on skin, or on clothing. Wash skin thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Avoid release to the environment. Wear protective gloves, protective clothing and eye protection or face protection. In case of inadequate ventilation, wear respiratory protection.

Response/First Aid:

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor or an ophthalmologist.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a doctor.

IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER or doctor.

Get medical attention if you feel unwell.

Specific treatment is urgent.

Absorb spillage to prevent material damage.

Storage: Store at temperatures between 50°F and 85°F. Store in a well-ventilated place. Store locked up. Store in a corrosive resistant container or one with a corrosive resistant inner liner. Store away from other materials.

PHOS-BOSS

Acid-Based Rust Remover #9679

***Concentrated *Economical *Effective**

For Commercial & Industrial Use Only
Keep Out Of Reach Of Children

Solamente Para El Uso Comercial E Industrial
Mantengalo Fuera Del Alcance De Los Niños

5 Gallons (unless checked otherwise)

PHOS-BOSS is a blend of selective cleaners and rust removers. When used properly, this product is safe on most metals. PHOS-BOSS works quickly by removing oxidation without heavy scrubbing and leaves metals looking naturally bright. It is also excellent at removing oils, dirt and carbon based soils from metal surfaces.

APPLICATION

Read Safety Data Sheet Carefully Before Handling.

Wear impermeable gloves, goggles and protective clothing. This product is not recommended for use on concrete, grout or sensitive metals.

As for all chemicals, apply this chemical to an inconspicuous area of the rusted metal. Proceed to use only if the results are completely satisfactory.

PHOS-BOSS may be used as is or at dilutions up to 1:50 with water depending on the severity of rust and soils to be removed. In diluting the acid, always add acid to water slowly. Never add water to acid. Apply with a plastic sprayer or pump spray system.

As with all acid cleaners, do not allow PHOS-BOSS or water to remain on the metal surface for long periods. Immediately after use, PHOS-BOSS should be neutralized and removed from metal surfaces or discoloration and further rusting and corrosion may occur. Maximum recommended time prior to complete neutralization is three minutes. Neutralize, rinse and dry all cleaned surfaces.

Keep away from other chemicals. Mix only with water. Do not add this product to any dispensing device containing remnants of any other product.

Disposal: Dispose of contents and container to an approved waste disposal plant in accordance with applicable local, state, federal and international regulations.

UN1760, Corrosive liquids, n.o.s. (contains Phosphoric acid solution & Hydrochloric acid), 8, PGII.
