Powerful, high foaming, high pH and highly concentrated, this product is formulated for fast and efficient removal of both raw and baked on grease, oils, dirt, syrups, animal fat and protein deposits. It is ideal for cleaning concrete floors and walls, meat or poultry processing equipment and areas, ovens and cooking pits. It may be used to clean uncoated floors, walls, equipment, restaurants, cafeterias, super markets, delis, butcher shops, barbecue kitchens, smokehouses, food processing plants, driveways, garage buildings, mechanic shops, manufacturing plants and many other surfaces not harmed by high pH, water-based degreasers.

APPLICATION: Read Safety Data Sheet Carefully Before Handling. Use impermeable gloves, safety glasses, protective clothing and proper ventilation. Before using this product, food products and packaging materials must be removed from the room or carefully protected. After using this product, all food contact surfaces must be thoroughly rinsed with potable water.

Do not use on fabrics, clothes, wood, finished floors, painted surfaces, marble or other sensitive surfaces or metals such as aluminum, brass or galvanized steel. The product is corrosive in concentrated form and may cause stripping, corrosion, discoloration or other damage to these surfaces. Always spot test in an inconspicuous area before general use.

This product may be used by spraying, brushing, wiping, mopping or pressure washing. Dilutions will vary from 1:8 to 1:128 (1 oz. to 16 oz. per gallon of water), depending on the application method and the severity of soil. Product is ideal with foaming guns or foamer trigger sprayers. Use parts, seals and hoses compatible with high pH and aggressive cleaners. Rinse and remove completely after use.
