This product is a highly concentrated pH booster liquid which increases the degreasing capabilities of laundry detergents.

Do not use this product on fine fabrics, silk, wool, nylon, hand washables or other sensitive fabrics.

APPLICATION

Read Safety Data Sheet Carefully Before Use. Wear impermeable gloves and safety glasses. Always follow washing instructions on the machine and the clothing. Use 2-4 oz. per 50Lb. commercial load or as required. Add material onto water. Do not apply the concentrated product directly to fabric. This product should be used in conjunction with laundry detergent.

Do not mix with other chemicals. Do not add this product to any dispensing device containing remnants of any other product.

NOTE: Normally, use water temperature below 120°F on the first cycle. Hot water may set (bake) the stain which will then become hard to remove.
