This product is a concentrated fabric destainer and whitener used most frequently on white sheets and towels. It brightens and whitens fabrics and removes stains not removed by detergents. Not recommended for silk, wool, nylon, color or sensitive fabrics. Do not use on fabrics, clothing, carpeting or other surfaces susceptible to discoloration.

APPLICATION: Dispense 1 oz. per 10 Lb. load or as needed and safe. Add material onto water. Do not apply the concentrated product directly to fabric as this may permanently discolor and damage that area.
Strong Oxidizing Agent. Mix only with water. Do not add this product to any dispensing device containing remnants of any other product. Contamination or mixing this product with other chemicals (e.g. ammonia, acids, detergents, etc.) or organic matter may start a chemical reaction and generate heat, chlorine and other poisonous gases, fire and explosion and may even cause death. Vacate poorly ventilated areas as soon as possible. Do not return until strong odors have dissipated. In case of contamination or decomposition, do not reseal container.

To obtain best results, consult your Arcot representative.

Storage: Store away from incompatible materials. Keep container tightly closed. Degrades with age, heat and exposure to sunlight. Keep only in a cool, dry, well-ventilated place away from direct sunlight, heat and other chemicals to avoid deterioration. Do not contaminate food or feed by storage, disposal, or cleaning of equipment.

Disposal: Dispose of contents and container to an approved waste disposal plant in accordance with applicable local, state, federal and international regulations.
