May be used in food service establishments such as restaurants, bars and food processing plants, in schools, offices and other buildings. It can be used in kitchens and cafeterias, on hard surfaces such as tables, chairs, countertops, doors, door knobs, stainless steel, ceramic, mirrors, glass windows and other surfaces not harmed by either water or alcohols. This product may also be used on soft surfaces such as towels, carpets and curtains.

Applications: Read Safety Data Sheet carefully before handling. Do not use on surfaces that may be harmed by water or IPA including untreated wood surfaces or those with alcohol or water soluble sealants. Before use, food products and packaging materials must be removed from the room or carefully protected. After use, all food contact surfaces must be thoroughly rinsed with potable water. Test this product on an inconspicuous spot. Continue use if satisfied and product does not discolor fabric or surface. Spray onto surface. Allow surface to stay wet for 60 seconds. Wipe dry with a clean towel.

Product may damage plastic, plexiglass, fiberglass and tinted glass or cause them to become hazy or brittle. Do not use on skin. Not for use as an antiseptic.
